

InspiraNeb™

Small Volume Jet Nebulizer Kit

With Swivel Adapter

Easy to use

Cost effective aerosol therapy

Patient comfort with patented swivel adapter

Latex free

InspiraNeb™ is the first product in a line of unique aerosol delivery devices. It is a versatile high performance jet nebulizer which delivers

reliable and cost effective aerosol therapy. It features a patented swivel adapter providing the patient a more comfortable treatment by moving easily as the patient may move! This is especially important in both the pediatric and elderly patient populations! The InspiraNeb™ is ideal for hospital or home therapy. The InspiraNeb™ small volume jet nebulizer is Latex free.
